

Statement of Values

Making delicious, nutritious, fairly priced, hand made food using seasonal, locally produced or sourced ingredients which we deliver or serve accurately to our customers is the heart of what we do.

Our staff are our most important asset. We trust, respect and listen to each other, we celebrate our diversity and enable all to do their best.

With all our business partners, customers and staff we will be honest, open and will deliver what we say.

We show respect for our planet and its resources.
We strive continually to improve and promote environmental awareness and practices.

We will actively nurture good relations with our local community by offering help in ways appropriate to our resources and skills.

We celebrate success and learn from our mistakes.
