

A close-up photograph of a coffee machine dispensing coffee into a white ceramic cup. The coffee is a rich brown color and is being poured from a spout, creating a stream that hits the surface of the coffee already in the cup, forming small bubbles. The background is blurred, showing the metallic parts of the coffee machine.

BUT FIRST, COFFEE...

# OUR COFFEE

Our coffee is supplied exclusively by Doppio, a coffee warehouse who really know their stuff when it comes down to the grind.

It is a blend expressing the creaminess and the full-bodied flavour of a real Italian coffee; its aroma is bold and irresistible with distinct notes of caramel. In the cup it is characterised by a compact cream with flashes of hazelnut colour and a persistent flavour.

# FOOD

Eden Caterers have been providing delicious, seasonal and sustainable food in Central London since 1993, from breakfast meetings through to out-of-the-ordinary weddings. We know what it takes to make a successful event, and how food plays a big part in that. We can provide pastries and breakfast pots for a morning pop-up or sandwiches and boxed meals ready to reheat and eat at lunchtime, with homemade at the heart of everything we do. We can make the food match your event requirements and would be happy to put together a menu to suit.

# SERVICE REQUIREMENTS

You'll be pleased to hear that our machine is very low-maintenance. There's no complicated system or plumbing or water supply necessary. Our machine only requires a standard 13amp plug socket to be connected to for it to do its job - It can serve up to 200 cups of coffee per hour!

# BRANDING

We know how important it is to make your event look good. From set design through to catering, consistency is key.

This is why we offer the option to completely brand our coffee pop-up with your own company logos and identity. We have a dedicated team of event planners & digital designers who can work with you to come up with the design you want.

We can brand your menu for free, and then starting from £35, we can also brand your cups, displays or even the coffee machine.

# STAFF

Eden employ over 50 waiting staff who are trained in-house to provide the best standard of service.

We have professional, friendly and dedicated trained barista's who can work at Coffee by Eden, making the drinks as well as serving food.

As standard, we suggest that 2 members of staff work at the pop-up . This is to ensure the smooth and seamless running of the event and means that there will always be someone to man the machine whilst the other takes the orders.

Depending on the size and scale of the event and the requirements of Coffee by Eden, we will amend the number of staff.
